

DRAFT - CONFERENCE SCHEDULE

DAY 1 -	10/10/2023	VENUE
	Arrival of participants, transfer to the hotel	SHERATON HOTEL, Novi Sad
19.00	Welcome cocktail / dinner	SHERATON HOTEL, Novi Sad
DAY 2 -	11/10/2023	
	Poster presentations - available in the lobby	
9.00-10.00	Registration	
10.00-10.15	Opening Address MFNS	
10.15-10.30	Opening Address PSU	
10.30-13.00	Morning session	
	Pharmacy (Moderators - Prof. Nebojša Kladar, Prof. Kamolwish Laoprasopwattana)	
	Plenary lecture (UNS) - Amphitheater No. 3	
	Plant-derived products as pharmacologically active agents (Prof. Nebojša Kladar)	
	Plenary lecture (PSU) Amphitheater No. 3	
	Innovative treatments of dengue viral infection (Prof. Kamolwish Laoprasopwattana)	
	Oral presentations 3 MFNS + 3 PSU	
	Oral presentations	
	15 min (approximately 8 minutes + 7 minutes for discussion)	
	1. Promoting medication adherence in children with attention deficit hyperactivity disorder (Assoc. Prof. Therdpong Thongseiratch, MD)	
	2. Caffeine quantification in coffee-based beverages (Coffea sp., Rubiaceae) and health risk assessment (<u>Katarina Bijelić</u>)	
	3. A chemometric approach in determination of the biological source of commercially available incense samples (Blagoje Prpa)	
	4. Omega-3 fatty acid food supplements for children (Ljilja Torović)	
	5. Antioxidant activity of lamiaceae teas prepared in household (Branislava Teofilović)	
	6. Molecular docking studies of the anti-inflammatory potential of salix-derived bioactive compounds (Emilia Gligorić)	
	Medicine I (Moderators - Prof. Lazar Velicki, Prof. Chitkasaem Suwanrath)	
	Plenary lecture (UNS) Amphitheater No 4	
	Pushing the boundaries of cardiovascular care (Prof. Lazar Velicki)	
	Plenary lecture (PSU) Amphitheater No 4	
	Multi-sectoral approach for reducing maternal morbidity and mortality: health care and system improvement in regional health (Prof. Chitkasaem Suwanrath)	
	Oral presentations 3 MFNS + 3 PSU	

	Oral presentations 15 min (approximately 8 minutes + 7 minutes for discussion)
	1. Hospitalised Myocarditis and Pericarditis within 30 Days Post BNT162b2 Homologous and Heterologous Vaccination among Men and Women under 40 in Thailand (Asst.Prof.Ponlagrit Kumwichar, MD, PhD)
	2. Updating the grasp score to predict radial artery size in Thai patients undergoing coronary angiography (Asst.Prof.Ply Chichareon , MD)
	3. Smartphone application to enhance bowel preparation for first-time colonoscopy: A randomized controlled study (Asst.Prof.Tanawat Pattarapuntakul, MD)
	4. Insulin resistance in type 1 diabetes: When two worlds collide (Asst.Prof.Noppadol Kietsiriroje, MD)
	5. Observation of Patients' Posture During Blood Pressure Measurement using an Automated Self-Administered Sphygmomanometer: A Direct Observational Study at a University Hospital's Primary Care Unit (Asst.Prof.Supinya Sono, MD)
	6. Polypropylene-based flexible gold electrodes for electrochemical sensor application in clinical diagnostics (Dr.Kewarin Phonklam, MD)
13.00-14.00	<i>Lunch break</i>
14.00-16.30	Afternoon session
	Medicine II (Moderators - Prof. Goran Stojanović, Dr. Somyot Chirasatitsin, Asst. Prof. Kanyika Chamniprasas)
	Plenary lecture (UNS) - Amphitheater No 3
	Application of unconventional electronics in biomedicine (Prof. Goran Stojanović, Faculty of Engineering)
	Plenary lecture (PSU) Amphitheater No 3
	Lab Chip Technology for Laboratory Medicine: Application for Agglutination Assay (Dr. Somyot Chirasatitsin)
	Plenary lecture (PSU) Amphitheater No 3
	A movement towards global trends and challenges in medical education: lesson drawn from PSU (Asst. Prof. Kanyika Chamniprasas, MD)
	Oral presentations 3 MFNS + 3 PSU Oral presentations 15 min (approximately 8 minutes + 7 minutes for discussion)
	1. Malaria cell image classification using local binary patterns and traditional classifiers (Dr.Puridech Bubphamanee, MD)
	2. Overall complications affected by the different intervals of vaginal pessary removal in the patients with pelvic organ prolapse: a randomized controlled trial (Asst.Prof.Siwatchaya Khanuengkitkong, MD)
	3. Blood Flow Behaviors Inside Patient's Abdominal Aortic Aneurysm Sac Revealed by Computational Fluid Dynamic (Assoc. Prof. Surapong Chatpun, Ph.D)

	Medicine III (Moderators - Prof. Jasmina Boban, Assoc. Prof. Therdpong Thongseiratch)
	Plenary lecture (UNS) Amphitheater No 4
	Brain inflammation: imaging biomarkers in healthy aging and systemic disease (Prof. Jasmina Boban)
	Plenary lecture (PSU) Amphitheater No 4
	Integrating Design thinking in health promotion and medical education: Insights from Prince of Songkla University (Assoc. Prof. Therdpong Thongseiratch, MD)
	Oral presentations 3 MFNS +3 PSU Oral presentations 15 min (approximately 8 minutes + 7 minutes for discussion)
	1. Predictive and prognostic value of tubb3, rrm1, ape1, and survivin expression in chemotherapy-receiving patients with advanced non-small cell lung cancer (Assoc. Prof. Pritsana Raungrut, MD)
	2. A study on ring pessary and its structural effect on the pelvic floor anatomy in female with pelvic organ prolapse by using dynamic MRI (Assoc. Prof. Thanapan Choobun, MD)
	3. Postoperative ovarian function in malignant ovarian germ cell tumor treated with fertility-sparing surgery and chemotherapy (Assoc. Prof. Rakchai Buhachat, MD)
	4. Risk factors of bleeding complication during an Suspected amyloidosis biopsy (Dr. Watsamon Uraiwan, MD)
	5. Comparing Characteristics, Microbiology Results, and Treatment Outcomes of Patients Presenting with Musculoskeletal Infection at A Tertiary Hospital Before and During The COVID-19 Pandemic (Dr. Pasin Tangadulrat, MD)
	6. High-throughput exome sequencing identified runx1 as a candidate biomarker for pediatric nephroblastoma (Dr. Pongsakorn Choochuen, MD)
	7. Validation of the "aMAP" Score for Predicting Hepatocellular Carcinoma Development in Chronic Hepatitis B Patients in Thailand (Asst. Prof. Apichat Kaewdech, MD)
19.00	<i>Dinner at SHERATON HOTEL Novi Sad - participants with invitation</i>
DAY 3 -	12/10/2023
	Poster presentations - available in the lobby
10.30 -13.00	Morning session
	Dental medicine (Moderators - Prof. Bojan Petrović, Prof. Rawee Teanpaisan)
	Plenary lecture I (UNS) - Amphitheater No 3
	Oral motor disfunction (Prof. Bojan Petrović)
	Plenary lecture I (PSU) Amphitheater No 3
	Probiotics for Human Health in Dentistry and Medicine (Prof. Rawee Teanpaisan)
	Oral presentations 3 MFNS +3 PSU

	Oral presentations 15 min (approximately 8 minutes + 7 minutes for discussion)
	1. Application of modern technologies and computer aided systems in prosthetic dentistry (Tatiana Puskar, Full Professor)
	2. Importance of biomechanics in dental restorative procedures (Ivana Kantardzic, Assistant Professor)
	3. Advancing dental medicine through biophotonics (Tijana Lainovic, Teaching Assistant)
	4. Digital Work in Orthognathic and Implant Surgery: PSU Experience (Asst.Prof. Settakorn Pongpanich)
	5. A Comparative Study of Compliance in two Protocols for Wearing Removable Anterior Bite Plane (Assoc.Prof. Udom Thongudomporn)
	6. The Vertical Relationship between Facial Bone and Soft Tissue in Facial Asymmetry Developed Using Cone-Beam (Tanapat Jearanai, DDS, PhD)
	Nursing (Moderators - Prof. Dragana Milutinović, Asst.Prof. Charuwan Kritpracha)
	Plenary lecture (UNS) Amphitheater No 4
	Challenges in Nursing Education for providing holistic care (Prof. Dragana Milutinović)
	Plenary lecture (PSU) Amphitheater No 4
	Transforming Nursing Education in the Era of Growing Opportunities (Asst. Prof. Charuwan Kritpracha)
	Oral presentations 3 MFNS + 3 PSU Oral presentations 15 min (approximately 8 minutes + 7 minutes for discussion)
	1. Integrating Patient safety curriculum In Health Professions Education (Branislava Brestovački Svitlica)
	2. Escape room innovative pedagogical tool in nursing education: an evaluation students' gameful experience (Dragana Simin)
	3. Social support for breast cancer patients (Sanja Tomić)
	4. The influence of resilience on infertility coping strategies (Goran Malenković)
	5. Poor metabolic control in pediatric patients with type 1 diabetes: what is going wrong? (Mirjana Smuđa)
	6. In-home nursing treatment of massive sacral pressure ulcer: a case report (Bojana Šijan)
13.00-14.00	<i>Lunch break</i>
14.00-16.30	Afternoon session
	Rehabilitation medicine, physiotherapy (Moderators - Prof. Aleksandar Knežević, Assoc.Prof. Pittayapon Pitathawatchai)
	Plenary lecture (UNS) - Amphitheater No 3
	Knee osteoarthritis - pharmacological and nonpharmacological options (Prof. Aleksandar Knežević)
	Plenary lecture (PSU) Amphitheater No 3

	Implementation of universal newborn hearing screening: PSU experience in a developing country perspective (Assoc.Prof. Pittayapon Pitathawatchai)
	Oral presentations 3 MFNS +3 PSU Oral presentations 15 min (approximately 8 minutes + 7 minutes for discussion)
	1. Six months longitudinal follow-up for drooling severity after telehealth coaching oromotor therapy in children with cerebral palsy (Asst.Prof.Chonnanid Limsakul, MD)
	2. Five-time sit-to-stand test in elderly people with knee osteoarthritis: reliability and concurrent validity (Dr.Lalita Khuna, MD)
	3. Age as the impact on mortality rate in trauma patients (Dr.Onchuda Wongweerakit, MD)
	4. Investigating the Connection between MRI Brain Parameters and Physical Activity Levels: Study protocol (Enis Garipi, Teaching Assistant)
	5. Conditioned pain modulation in patients with different chronic painful conditions: study protocol (Tijana Spasojevic, Teaching Assistant)
	6. Static and dynamic balance assessment with and without brace in a girl with idiopathic scoliosis- case report (Dragana Vuklis, Teaching Assistant)
19.00	Gala Dinner – participants with invitation
	Restaurant TERASA, Petrovaradin fortress
DAY 4	13/10/2023
10.30	Transfer to Belgrade airport – participants who have flight at 13.20
10.00	Networking Program – Belgrade city tour, lunch –and transfer to the airport
