

<b>Study program:</b> Doctoral Academic Studies in Biomedical Sciences		
<b>Name of the subject:</b> CURRENT ISSUES IN DERMATOVENEREOLOGY		
<b>Teacher(s):</b> Milan B. Matić, Zorica T. Gajinov, Sonja T. Prčić, Zoran N. Golušin		
<b>Status of the subject:</b> elective		
<b>Number of ECTS points:</b> 20		
<b>Condition:</b> -		
<b>Goal of the subject</b> Candidate should develop knowledge about etiopathogenesis, clinical features, detailed differential diagnostics, and therapy of dermatological diseases, and ability to make independent conclusions based on analysis of biomedical literature, to apply learned skills in medical practice and scientific investigation		
<b>Outcome of the subject</b> Student should refine knowledge about new contemporary diagnostic and therapeutic procedures in dermatovenerology, to be able to perform the optimal choice of diagnosis and therapy in broad spectrum of dermatovenerological diseases		
<b>Content of the subject</b> <i>Theoretical lectures</i> <ol style="list-style-type: none"> <li>Allergodermatoses</li> <li>Parasitic and fungal skin diseases</li> <li>Bacterial infections</li> <li>Skin tuberculosis and granulomatous skin diseases</li> <li>Viral infections of the skin</li> <li>Skin tumors</li> <li>Erythemosquamous diseases</li> <li>Blistering diseases</li> <li>Papular skin diseases</li> <li>Pruritus, erythrodermia</li> <li>Keratinisation disorders</li> <li>Autoimmune skin diseases</li> <li>Diseases of circulation, vasculitis syndrome, purpura</li> <li>Diseases of skin adnexa</li> <li>Diseases of mucosal surfaces</li> <li>Sexually transmissible diseases</li> </ol> <i>Practical lectures</i> <ol style="list-style-type: none"> <li>General propeudeutics</li> <li>Dermatological examination and semiotics</li> <li>Anatomy, histology and physiology of the skin</li> <li>Skin pathohistology</li> <li>Immunohistochemistry and immunofluorescence diagnostics</li> <li>Auxiliary diagnostic method</li> <li>Dermatoscopy</li> <li>Laboratory diagnostic of syphilis</li> <li>Diagnosis of sexually transmissible diseases</li> <li>Therapy of sexually transmissible diseases</li> <li>Therapy in dermatology</li> <li>Practical work with patients</li> <li>Dermatosurgery</li> </ol>		
<b>Recommended literature</b> <ol style="list-style-type: none"> <li>Bolognia J, Schaffer JV, Cerroni L (eds). Dermatology, 4th edition. [Philadelphia]: Elsevier Saunders, 2017.</li> <li>Peer reviewed dermatological journals with impact-factor, electronic publications, internet sources</li> </ol>		
<b>Number of active classes</b>	<b>Theory:</b> 60	<b>Practice:</b> 45
<b>Methods of delivering lectures:</b> Theoretical lectures and work in practice		

**Evaluation of knowledge (maximum number of points 100)**

Activity: 20

Practical classes: 20

Colloquium: 20

Oral exam: 40
